About me

I'm a Junior Team Leader in the E-commerce department with hands-on experience in keeping orders accurate and moving on time. I use Waerlinx and NetSuite every day to check stock levels, align data between systems and process shipments correctly. I enjoy fixing system issues, keeping daily operations running smoothly and helping new starters understand how our systems work. I'm also interested in technology and how systems work behind the scenes, so I'm learning HTML, CSS and JavaScript and developing my skills in NetSuite.

Work Experience

Moordale Foods Ltd., April 2020 - Present

E-commerce Administrator & Junior Team Leader

- Working daily in NetSuite and Waerlinx to keep data accurate and up to date.
- Checking stock levels, comparing data between systems and fixing errors when something doesn't match.
- Making sure customer orders from the website are correctly shown in both systems after dispatch.
- Investigating and correcting discrepancies in stock, orders and system records.
- Supporting the team with system-related questions and helping new starters understand how everything works.
- Helping the team with daily tasks and making sure everyone knows what needs to be done.
